DETAILED ACTION

Allowable Subject Matter

The following is a statement of reasons for the indication of allowable subject matter:

Although Burrows discloses a key that corresponds to the SSD and the system of Stallings discloses a key that corresponds to the key K, there is no reason to combine Burrows and Stallings since once all the members of the system of Burrows have the key there is no reason to share a new key as in the system of Stallings. Marvit shows the elements in the network as disclosed by the applicant however Marvit does not teach the keys SSD and K.
